SATE ACADEMY DAY - EXPERIENCE – March 12-13 2015

Titanic Belfast

A great opportunity to see a 2014 Thea Award winner! This is very much a **world class** attraction that has really put Belfast on the tourist map. The exhibition and iconic building are quite literally meters away from where Titanic was designed and built.

This will be a great opportunity to hear the story behind the story from those involved in its creation. We thank UKTI for sponsoring our mixer followed by dinner (no host) Thursday evening March 12th at the Belfast Hilton on the Harbour. A full SATE Academy Day will follow on Friday 13th March with presentations in the morning and a tour in the afternoon.
